## **Trailing for Triumph**

On behalf of our northern Michigan community, **thank you** for giving to the McLaren Northern Michigan Breast Health Fund. Your support allowed us to assist our patients diagnosed with breast cancer.

About one in eight women in the US will develop breast cancer in their lifetime. In 2013, an estimated 232,340 new cases of breast cancer were diagnosed, with an estimated 39,620 women dying from the disease. Studies prove over and over again that early detection and diagnosis are the best way to beat breast cancer. Through **Trailing for Triumph's** generous donation, and those of others, the Breast Health fund at McLaren Northern Michigan disbursed \$7,520 last year.
